## Other Info

If the company solely consists of \$33 RADAR Essentials locations, then no custom development is permitted. The ERD is also not available.

If the company has both \$33 RADAR Essentials locations and non- RADAR Essentials only locations then custom & ERD reports are available to the company on the following schedule:

- 1-25 locations = 1 custom or ERD report allowed
- 26 – 50 locations = 2 custom or ERD reports allowed
- 51 – 75 locations = 3 custom or ERD reports allowed
- 76 – 100 locations = 4 custom or ERD reports allowed
- (repeat the pattern as necessary, 1 custom report per fraction of 25 locations)
- Please note that ERD is only applicable if the company has at least one non-RADAR Essentials only location

If the company has both \$33 RADAR Essentials locations and non-RADAR Essentials only locations then custom & ERD exports are available to the company on the following schedule:

- 1-25 locations = 1 custom or ERD export allowed
- 26 – 50 locations = 2 custom or ERD exports allowed
- 51 – 75 locations = 3 custom or ERD exports allowed
- 76 – 100 locations = 4 custom or ERD exports allowed
- (repeat the pattern as necessary, 1 custom export per fraction of 25 locations)
- Payroll Exports are always disallowed for RADAR Essentials-only locations
- Please note that ERD is only applicable if the company has at least one non-RADAR Essentials only location

# Sale Analysis Module

---

Optional module, can exist separate from the Labor Management module, but the RADAR Essentials module must be present.

## Features and Modules

No limitations on accessing this location via allowed custom development or the ERD, except as stipulated above for companies that consist of \$33 RADAR Essentials locations and non-RADAR Essentials only locations.

Key Info – other non-main pages become available

Allows for the following additional modules:

- Forecasts
- Manual Entry
- Pizza
- Quick Inventory (free add-on, but will only properly function in the presence of the GL Sales module)
- Quick Plate Costs
- SoS Basic
- SoS Advanced

### Add-on modules that are available at additional cost:

- SoS Premium
- GL Sales
- Accounts Payable
- GL Sales, AP, Inventory exports to the Accounting package
- Inventory
- Recipes
- Prep
- Event Management
- Enterprise (either Labor Management module or Sales Analysis)
- Name Translation (either Labor Management module or Sales Analysis)

## Reports \*Add-on modules will bring on their standard suite of reports.
